Meat Grinding Day: Tom Thank is organizing an opportunity for those who want to make up several kinds of sausage, or other grind, like hamburger. He will provide the grinder and stuffer, organize the procurement of spices and meat, both pork and beef. Remember grind day is set for February 16th.

NORTH LAKE RV PARK: In July of 2011 club members Luke and Valerie Schroder purchased the North Lake RV Park and Campground. The park had been let go and was in much need for landscaping, repairs and basically just updating everything. They have repainted all the buildings and have done extensive landscaping; however, we still have more of that to do. They have added some new cabins and will continue to add more plus they have completely remodeled the existing cabins. They have graveled all the RV sites and put in new horseshoe pits. They have also added a new pavilion and have nearly replaced all the picnic tables with new ones. The showers have also been remodeled. They have turned the reputation around from the previous owner as not being a child friendly park; the park now has a playground and they have added many games for kids to play with. They want the park to be family friendly. They have also added WIFI to the park.

North Lake RV Park and Campground is the closest full service campground to the water in the immediate area, just 7 miles north of Kettle Falls on 395. They rent paddle boats and will be adding kayaks in the near future. The Park just recently became a "Good Sam" Park and will give members a 10 %. We also have been hosting family reunions and large group events. **They will also give 10 % off to all "Walleye Club" members even outside of our club.**

Luke and Valerie plan to continue to update and upgrade and make the park the best that it can be and will work hard to make North Lake RV Park and Campground the best destination spot on Lake Roosevelt and give their campers the best camping experience they could possibly have.
