## Presidents Report:

Doug Unzeitig would like the Cabelas Raffle Ticket money and unsold tickets turned in at our June meeting. Please sell the tickets so we can get started with the Yamaha 6Hp Raffle.

Our webmaster David Bull has worked hard in building the Club a brand new website that has many new features. It can be viewed by tablets and other Electronic devices. He has included links to our Sponsors and has many updated renovations that were not possible to achieve with the old website software. It will eventually have interactive online Club Membership and Tournament Applications. All of the click to links are fast and as we gather pictures and short stories of Club affairs we will be able to quickly get them added to the site. This has been a major undertaking to say the least and we owe David our gratitude and praise for a job well done.

Club float at Town & Country Days Saturday June 1.

2<sup>nd</sup> place ribbon

On June 1, 2013 the Lake Roosevelt Walleye Club won Second Place in Show for the promotion of the Walleye Club trailer and sponsor trailer banner at the Town and Country Days Parade. Following us in the parade was the Governor's Cup Walleye Tournament Sponsors, Clark's Marine and Powersports pulling a HewesCraft boat. Ike and Bill tossed 55 pounds of candies to the kids along the parade route.

**Fishing Report:**

Clyde Renneman is holding up a 9 pound 1 ounce walleye caught at Noh Tellum Crk, Lake Roosevelt. 5-14-13. Walleye anglers took to the Lake for the Memorial Day Weekend and had great success. It seems the walleye fishing has just now picked up and anglers trolling worm harnesses and jigging have finally had an opportunity to put some fish in the live well. Most anglers are finding fish in the 30 to 45 foot depth range. A lot of anglers were surprised to find that the walleye limit was raised to 16 fish and wondering how long this fishery will survive. One thing is certain, returning back the over 20 inch female walleye will at least help continue the fishery....please pass the word along.

**Warning to Boaters on Lake Roosevelt**

The current high run off combined with low Lake Roosevelt levels are causing some floating wood debris to escape from the established catch boom facilities at China Bar and the mouth of the Kettle River. This will allow floating debris to enter Lake Roosevelt and flow downstream with the normal river currents. Boaters are advised to use caution during these conditions especially during times of high wind or wave action which can make floating wood debris hard to see during boat travel. As the Lake continues to fill it will refloat once sunken and exposed debris found along the beaches that have dried out and become buoyant once again. These debris pieces historically float low in the water and will eventually sink once again after being exposed to the rising waters.

Floating wood debris pieces that can be encountered in Lake Roosevelt will range in size from typical bark nuggets to full size tree length stems that may or may not have root systems attached. Caution should be taken when approaching or passing by any large debris pieces taking special consideration for the possibility of additional length that may be just under the water surface.

These current conditions and debris exposures could remain a concern until the lake has approached full pool.

**28, 29 & 30<sup>th</sup> Governor's Cup**

**July:**

**13<sup>th</sup> Club Fishing Day** – be at Kettle Falls Launch at 7:00 A.M.

We are also looking for any speakers you would be interested in having at our regular meetings. If you know of someone or have an interest in any topics please let Jim Meskan know.

**CLUB STUFF AVAILABLE:**

The Club has an underwater camera available for club members to use. We also have a pretty good inventory of fishing videos available to members. We have 5 inch color decals for interior or exterior placement of the Clubs logo. They work great on a boat, or bumper, or inside a window. We also have a set of GPS training booklets, and Walleye fishing booklets, check with Bobby Nesland for prices.

Fred Young has worked with Clark's All Sports in Colville to have Club Logo Shirts available for purchase. There are two weights of long sleeve shirts with the club logo embroidered on them, very nice looking shirts. **Light weight - \$19.90 + tax, Heavy weight - \$31.50 + tax.** If you are interested, go into Clark's and pick yours up.
